Empire Thanksgiving Shoot.

James Wiggins, the Empire ruster has secured 250 turkeys, ducks, geese, chickens and pigeons for a grand Thanksgiving shoot and has placed the fee down to the lowest rates.

Turkeys, 200 yards, 50c a shot. Geese at the same rate. Chickens at a distance of 50 yards, shotguns being used, with nothing heavier than No. 6 shot, 25 cents a shot. Birds must be knocked prostrate. Parlor rifle shooting, 50 yards, at turkey's head, 25cents per shot.

The sport will be conducted on a square basis and judges will decide differences on the spot.

No one is barred from the contest and a special invitation is extended the Carson and Virginia sharpshooters.

In the evening a grand masquerade ball will be given in Wiggins' hall. Costumes can be secured in the ante-room of the hall and a line of new stables have been put up for visitors who come with horses. Mrs. Kohle, the caterer will spread a Thanksgiving turkey banquet during the dance and is located but a few steps from the pavilion.

The Chicago Fair.

Are you going to the World's Fair? Everybody is going if able. And now everybody is able, because an incorporation has been formed in Chicago, composed of the leading citizens and most responsible men there, and they offer the most enticing inducements at the cheapest possible rates.

They sell a ticket for \$131, that absolutely covers everything, on the installment plan. This certificate entitles the holder to first class transportation to and from Chicago from Carson during the Fair, transportation to and from depot and hotels for self and baggage, six admissions to the Fair with your lunch on the grounds, fourth, first class board and lodging for six days in their own commodious hotels and lastly their competent guides will see that all holders are shown around and miss nothing. Think of the crowded condition of Chicago during the fair and then of the ease and comfort of this method.

Only \$131 for everything and that as follows: \$6 down at time of signing contract, balance in equal monthly installments from time of signing till April 1st, 1893.

It is a good bank company as holders may have their money back at any time, less the first six for expenses, etc. Certificates are transferable and non-forfeitable.

If you are interested get and read one of the small hand circulars. Agent in Carson

P. V. MICHELS,

Dr. Fox treats private, chronic and nervous diseases of men, nervous debility, impotence, stricture and all other weakness of manhood.

For fine watch and jewelry repairing go to Golden's. We are receiving new and elegant designs in jewelry every day.

If you don't use Lily White Flour you don't get the best.

Stricture treated with phenomenal success by a new method.

m12 Dr. Fox,

If you want something nice use the celebrated Lily White flour.

ALL SORTS.

Now is excellent weather to plant fruit trees.

Female prize fights have begun to be the correct athletic sport in the East. In the wild and woolly West they would not be tolerated.

Silver City is the liveliest camp of its size in the State. Nearly everybody is working, money is plentiful, poker games are frequent, whisky is abundant, and everybody seems to be happy.

The "Blaine reciprocity humbug" will result in the exportation from the United States to Cuba alone, next year of 1,000,000 barrels of flour, according to the leading provision merchant of Havana.

The Austin People's Advocate says: A great many improvements are being made around town lately; buildings are being refitted for new business ventures of different kinds; dwelling houses that have long been vacant are being prepared in and out for new tenants, and the gloom that has hung over our town for so long seems to be raising and disappearing like an "old maid's dream."

Of Luke Short, well known in the West for his sporting proclivities, and his intrepidity, the Chicago papers are saying that finding a fly in his glass of milk, he tossed the contents of the glass in the air, drew a revolver, shot the fly, caught the milk in the glass and calmly drank it. The reporter who witnessed the feat is still living in the truthful World's Fair city.

The leading article in the December Overland is to be a lavishly illustrated paper on "Flower and Seed Growing," by Ninetta Eames. This will be a revelation to many people. Whole fields of tall, acres of pampas plumes, smilax seed grown by the pound, a regular plant for making attar of rose, the exportation of bulbs of Mariposas and calochortus by the hundred thousand will be described.

A Famous Mine Sold.

The old Mountain View Gold mine, formerly the property of Steph Morris, has been purchased by Chas. Bray, T. S. Gladding and J. H. Sayre of San Francisco.

A stamp mill will be put up shortly and work commenced.

The claim is in Sunrise district, Lyon county, and is known to old miners as a good 'un.

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know of it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

French Tansy Wafer.

These wafers are for the relief and cure of painful and irregular menses, and will remove all obstruction, no matter what the cause, and are sure and safe every time. Manufactured by Emerson Drug Co., San Jose, Cal., and for sale only by A. E. Harris, City Drug Store.

Cider.

Doc Benton has leased several orchards and is concentrating his attention to the production of genuine apple cider fit for table use or mince pies. It's the real article and can be ordered at his livery stable.

Rupture Cured

Without pain, operation or detention from business, by Dr. Freeman & Tibbits, at Arlington Hotel, Carson December 1st. One day only.

Having secured the services of the well known Carson shoemaker Mr. E. F. Morton, we are prepared to do all custom work and repairing at short notice, and in a first class manner. Jason S. Burlingame.

Dr. Fox treats all diseases of the rectum, including hemorrhoids, fistula, fissures and ulcers, on modern scientific principles and radically cures without pain, without loss of blood and detention from business.

BRIGHT'S "HUNCH."

His Extraordinary Adventure with the Eclipse.

During the past week the friends of Jesse Bright have had serious doubts as to his sanity.

He has been a very abstracted, absent minded man; so much so that the boys didn't know whether he was in love or going crazy.

While dealing faro at Sweeney's corner he would frequently pay red chips for white, and on several occasions he would neglect to rake in a 20 dollar bet on the king, when the money really belonged to the house.

The players have noted these peculiarities of Bright's, and were not slow to take advantage of them.

Last Saturday night Bright went to his boss and said he guessed he would lay off for a month and see if he couldn't repair his shattered mind.

"You see," he said, "I am a trifle off my base; slipped a cog somewhere in my head gear, I guess, and I must give my brain a rest."

"What appears to be the matter, Jesse?"

"Well, you see, last Sunday night I was walking along the street and I looked up and there was a new moon in the East. I stared at the moon a few minutes and concluded I must be drunk."

"Then I walked out of the city limits past Dangberg's red barn to see if I was right, and there sure enough was the moon, and new at that, right in the East."

"The night before, I saw it dog-gone near in the third quarter, and here the blamed thing was new."

"I saw at once something was the matter with me, and so I went home and took some quieting medicine; about a tumbler full of it, with hot water and sugar, and went to bed."

"I didn't dare tell a soul of the thing, because I knew they would know I'd gone crazy."

"Next night it was all right, and I haven't seen anything wrong in the moon since. But all the week my luck was bad, and it kept running on until I lost about twelve hundred dollars."

"You see, I got a 'hunch' and didn't know it; I ought to have laid off a week and never touched a card, but I didn't have enough sense."

"I never get such a clean cut hunch before since old Jack Williams was shot settin' along side er me down in Montana about eighteen years ago. Of course, any man out in this country is liable to have a friend shot along side of him, but when a man sees the moon cuttin' up such antics as I saw, he ought to have sense enough to drop on himself."

"Why, you d— fool," said Sweeney, "that was no new moon, it was the eclipse."

"The devil it was; that's the first I heard of that. Blast my eyes, John, if I'd only known that a week ago I wouldn't have been acting like a lunatic all the while. Now, you see, I'm on and am all right; the hoodoo's off. Come in and let's take something. I was just thinking perhaps I had the delirium tremens, but I see it's all right and will take a jolt for luck. I'll have to read the papers after this and get posted."

Holiday Advertising.

As the holidays approach, the merchants of Carson are beginning to wonder how they can stand off the hoard of newspapers that will soon begin to buzz about their ears.

If a merchant cannot afford to insert his announcement in all of the numerous papers in the city, he can alight on both feet by inserting his announcement in the APPEAL and having it illustrated.

Each Christmas advertiser this year will have his announcement well illustrated, and no one can fail to see it.

This will be all the advertising you will need.

SOME FRICTION.

Mackay About to Grapple the V. & T.

Parties who have been recently in San Francisco say that a big storm is brewing down there over mining and railroad matters.

It appears that some years ago the mining companies of the Comstock made a protest against the freight charges of the V. & T. R. R., and demanded a reduction that would enable them to handle low grade ores.

The concession was made, but of late the freight has been in a measure governed by the value of the ore. John Mackey recently found that the Mexican mill was getting ore transported at 60 cents a ton while the Eureka was paying 1.25 and he began a large kick. The company says that this is because of the low grade of the Mexican ore. Mackey not long ago in San Francisco got hot in the collar and with some large expletives yowed that he would build a railroad over the Gieger grade to Reno, but now it is claimed that the ore is to be run out of the Sutro Tunnel and milled at Sutro.

The suit of Fox against the Hale and Norcross promises some other developments which will, the insiders say, wind up in a general battle of the giants and that it will come off shortly.

Heavy Advertising.

The Price Baking Powder Company, of Chicago, is now doing the most extensive advertising probably ever done in the United States. Some idea of the extent may be arrived at when it is stated that the bill of the Tribune alone against the company aggregates \$150 in two months. The company understands the secret of success.—Tribune.

The same company have for several years past attempted to get their adv. in the APPEAL, and we always declined, as the price is ridiculously low for the space wanted.

The statement that they are paying \$75 a month for any paper in Nevada, will cause a smile to extend throughout newspaper offices all over the State.

For two months, read two years.

Probable Mining Sale.

News of a cheering nature reaches us from Cherry Creek. It is to the effect that the Hayward party of San Francisco has purchased the Nelson Con. M. & M. interests there, and that they will commence work immediately to pump the water out of the Star mine. This good news reaches us so direct there is hardly a doubt of its authenticity. We hope in a few weeks to be able to congratulate the people of Cherry Creek on having a live San Francisco company operating on star Hill.—White Pine News.

Teachers' Contest.

The vote for the favorite lady teacher has now resulted in three ladies reaching the 100 line.

There is in the show window of Chas. Friend, a broach pin for the winner of the contest. It is a gold quartz horseshoe with a ladies riding whip laid across it.

The score now stands:

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Lost—At the race track during the District Fair, a French cook knife. The finder will please leave the same with John Carroll or at this office.

WHY

THAT IS THE QUESTION,

Can you go to the EMPORIUM and know you will get the worth of your money?

BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
